## About

TAJBank Limited is a Nigerian non-interest bank headquartered in Abuja and established in 2019. It received a regional banking licence from the Central Bank of Nigeria in July 2019, began operations in December 2019, and later secured a national licence in 2022, making it one of the country's leading Islamic finance institutions.

As Nigeria's second full non-interest bank after Jaiz Bank, TAJBank entered the market with a model already shaped by the earlier development of non-interest banking in the country. The bank's growth has been closely tied to a strategy that combines Sharia-compliant finance with a strong emphasis on technology, accessibility, and customer convenience.

TAJBank offers products built on core Islamic finance structures, including Murabaha, Ijarah, and Mudarabah, and presents itself as an ethical banking option for customers who want asset-backed, transparent financial solutions. Its approach is not limited to religiously motivated users; the bank also frames non-interest banking as relevant to customers seeking fairness and alternatives to conventional interest-based debt.

The bank has also distinguished itself through digital-first delivery. From its early rollout, TAJBank invested in digital account opening, mobile banking, and online service channels, helping position it as a modern, digitally native option within Nigeria's non-interest banking segment. Its initial

branches in Abuja and Kano reflected a Northern Nigeria base, while its expanding branch network and digital channels support broader national reach.

TAJBank's rise has helped reinforce the commercial case for non-interest banking in Nigeria. By pairing Sharia-compliant products with technology-led banking, it has become a notable competitor in a niche but growing sector serving both faith-based and values-driven customers.
